

DENY RUM FOUND ON ADAMS' ESTATE

Raiders Say Cache Outside
Navy Secretary's Land,
but Very Close.

By the Associated Press.

SCITUATE, Mass., October 6.—Three Boston men who cached 600 cases of liquor in a barn near the Summer estate of Charles Francis Adams, Secretary of the Navy, were freed last night in \$2,500 bail each.

First reports that the barn was situated on the Adams estate were corrected later by police and Coast Guards. The barn was situated on the land close to the border of the secretary's land. Police made the raid on the barn early yesterday after several automobiles passing to and from the direction of the barn had aroused their suspicions. The liquor was valued at about \$50,000. Shores near the Adams property have been used as a landing place for liquor previously.

600 Communists Shout and Scream
as Police Clear City Hall
Chamber.

By the Associated Press.

CLEVELAND, Ohio, October 6.—Six hundred shouting, screaming Communists and unemployed disrupted the regular City Council meeting for more than half an hour here last night.

Boiling Mayor John D. Marshall's calls for order, the oratory became so ear-splitting that police were ordered to clear the chamber. Several officers were scratched and disheveled as women sought to impede their progress to the accompaniment of hisses and screams. Several women were trampled.

Police estimated an equally large crowd remained outside, unable to jam within the chamber portals. Demands on the council ranged from lower car fare to race equality.

DE PAULO ADDRESSES AUTO TRADE GROUP

Noted Racer Describes Contributions of Races to Motor Advancement.

Peter De Paulo, noted racing driver, and holder of the A. A. A. 500-mile Indianapolis Speedway record, was the principal speaker of the first Fall meeting of the Washington Automotive Trade Association, last night at the Racquet Club. Whitney Leary, president, presided.

De Paulo, who won the racing classic in 1925 and in 1927 on the Indiana brick track and holder of the record speed average of more than 100 miles an hour for the 200 laps, stated that these races had added greatly to the advancement of the automobile. He declared also that the racing driver formed the safest driving class in the world.

Plans for the annual banquet of the association to be held in December were discussed by Chet Warrington, and R. J. Murphy, association manager, predicted the annual show in January would be the greatest ever held. Paul Lum, chairman of the Traffic Committee, reported that arrangements for the titling of motor cars were satisfactory as well as the working out of the new left-hand turn. A member of a national brake lining company also addressed the association.

The combined wealth of Europe's royal exiles is said to total less than \$8,000,000, instead of the \$20,000,000 credited by popular belief.
